

Section 8.2 Linear Functions

1. True or False: The table of data below could represent a linear function.

x	$f(x)$
0	4
2	10
5	19
10	34

- (a) True, and I am very confident
- (b) True, but I am not very confident
- (c) False, but I am not very confident
- (d) False, and I am very confident
